PRESENTATION ON
IT ENABLEMENT
PROJECT "PANCHDEEP"
ON 07-03-2010

PROJECT PANCHDEEP

- Good number of meetings have already been done to bring awareness about Project Panchdeep.
- Regional Directors/Joint Directors In-charges/SSMCs too have given a feeling that they are aware about Project except the working of different modules being developed by WIPRO.

POWER CAPACITY

- M/s. WIPRO is in process of installation of Networking/hardware components in all ESI Institutions and has asked for following:
 - requested to enhance the power capacity
 - All SPOC (Regional Directors/Joint Directors In-charges/SSMC/State Directors) are requested to please ensure that required power capacity is made available in all ESI Institutions.
 - Similarly necessary arrangements for proper earthing where ever required as per WIPRO requirement may also be made

PASHAN

- Concern relating to safety & security of IT related infrastructure, Furniture of BO / Dispensaries as well as Regional Offices / Sub Regional Offices / State Directorates, setting up of training centres, Video Conferencing have been addressed through our letter dated 18-02-2010.
- FC has written DO letter to all RDs / Secretary of States on this subject.
- Necessary steps may please be taken to ensure smooth installation of hardware and networking components.

- List of Offices was sent to all Regional Directors /SSMC Offices with a request to please confirm that all institutions are included in the list.
- Further we have requested to mention the type of location (Rented or Owned).
- WIPRO in their presentation would be discussing State wise information received by them.

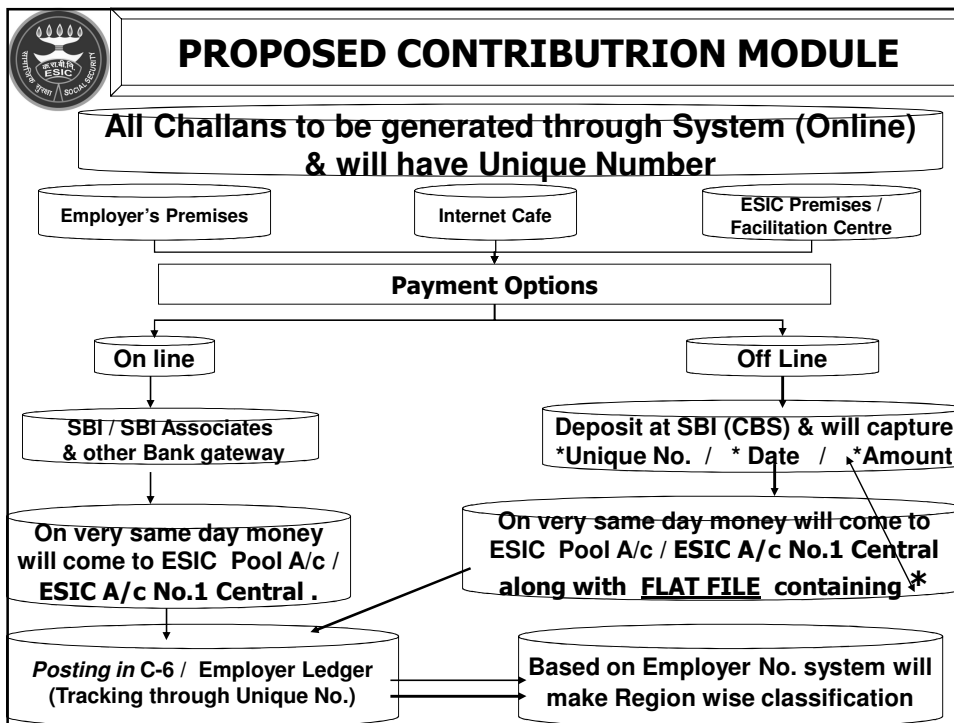

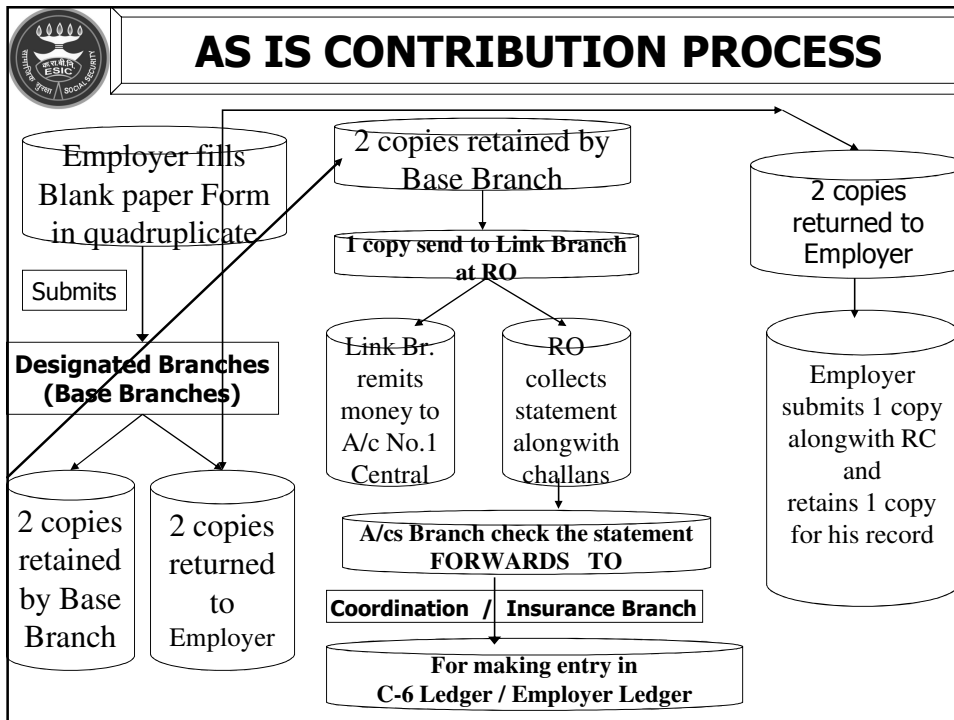

Being contribution is the main source
of income for Corporation

AS IS CONTRIBUTION PROCESS

vis-a-vis

PROPOSED CONTRIBUTION MODULE

Data Migration

- Data Migration is of **Prime Importance**. Accordingly following database/master are required to be built.

- **Employer's Master**

Template for this already provided to Regional Director.

- **IP Master**

Data for this Master is to be captured through Pehchan Module. However, data from RC will also be captured to include the IP whose data not captured through Pehchan.

For above items i.e. Employer's Master and IP Master WIPRO representative would be visiting Regional Offices and helping them in capturing the data.

contd.

Data Migration

contd.

- All other data for running of different modules i.e. HR, Finance etc. are required to be migrated for which Templates would be provided by WIPRO thru various application modules.

Thanks
